

Redesign!

Michael Bernstein
Stanford University

<http://crowdresearch.stanford.edu>

Our goal: soft
launch Nov. 6

Today

- Leadership board vs. crowd research admins
- Surveys
- Implementation of authoring page
- Updated design of worker feed
- Open governance
- Round 3

Crowd research admin

vs. the leadership board

Crowd admin roles

- Michael, Rajan, Ranjay, Geza, etc.: we work with you to figure out how to make crowd research succeed
- If you have thoughts and feedback, tell us!
- The leadership board for Daemo focuses on Daemo issues, not about the crowd collaboration process

Survey incoming!

- Please speak with us before sending your own...
 - (especially if it might be perceived as divisive)
- Rajan is preparing a summative survey, look for it very soon. This is **super critical** for our future decisions, so please fill it out!
- Talk to Rajan if there's anything you want to make sure is represented.

Survey incoming!

- We will be sharing the results (sans your IDs) back with the crowd (e.g., you)

Authoring page

DRI: Shirish

Worker design

DRI: Adam

**Next: monitoring
redesign**

Open governance

DRI: Tryvison

Next round of crowd researchers!

Making plans...
